Description

Located in the heart of Parekklisia, this exclusive development offers privacy, thoughtful design and easy connectivity in one of Limassol's most desirable areas.

Homes are arranged around a private, resident-only cul-de-sac, keeping the atmosphere calm and traffic light. Landscaped green spaces and pedestrian paths add an open, walk able feel.

Set on gently rising ground, each home enjoys open mountain views, with shops and amenities just steps away.

Spread across three thoughtfully planned levels, this three-bedroom home is designed around easy, comfortable living.

The open-plan ground floor brings together the kitchen, dining and living areas, with a separate laundry room close by. Everything opens onto a shaded veranda, a natural setting for unhurried breakfasts and long family dinners.

On the upper level, the bedrooms are quiet and light-filled, and open out to a sunny terrace where the day can wind down in peace.

At garden level, a bright recreation room with floor-to-ceiling windows offers flexible space for weekend barbecues, children's play or simply a private retreat.
