Description

Situated in a very quiet area with the marvellous views of the mountains, forest, village and a majestic panoramic view of the sea, this maisonette is located next to Platres village on the southern slope of Troodos mountains, 37km away from Limassol and 9km away from the mountains. All necessary facilities and amenities (shops, restaurants, etc.) are just a short drive away.The maisonette is externally partially finished with natural stone to match the traditional style of the whole area. Platres is considered to be the perfect mountain resort because of the climate. In summer, when it is particularly hot and the humidity is high, the temperature in Platres is much lower, and the climate is milder compared to other cities.
